ROCHESTER, N.Y. -- One Communications, the largest privately held competitive local exchange carrier (CLEC) in the U.S., has announced that Dynalink Communications, a New York based switchless CLEC, has signed a multi-year agreement for Integrated T1 services.

"The breadth and depth of One Communications's network will enable us to continue to expand our service offering," said Dynalink's Chief Operating Officer, Larry Fishelson. "Throughout the negotiation process, One Communications has demonstrated their focus on delivering a high level of customer support and we look forward to a long-term partnership."

The agreement will augment Dynalink's current Integrated T1 offerings and allow them to offer services in new areas throughout the Northeast, Mid-Atlantic and Midwestern United States. One Communications' Carrier division offers a wide range of carrier class services including UNE-P Alternative Access, Metro Private Line, Private Line, Collocation, Local Loop, T1/PRI, DSL and Voice services in Tier 1, 2 and 3 markets.

"The agreement with Dynalink is a win-win," said Nick Sgroi, One Communications' vice president of Carrier Services. "As Dynalink continues to expand their customer base, we will have the opportunity to grow our wholesale business. We are excited about this new partnership and look forward to working with them."

About One Communications

One Communications is a leading integrated communications provider that offers a broad portfolio of advanced telecommunications solutions tailored to meet the individual needs of businesses, from small to large, in 16 states across the Northeast, Mid-Atlantic and upper Midwest United States. One Communications is the largest privately-held CLEC in the country. The company operates a network with an IP core supported by 11,000 route miles of fiber connecting 700 unique collocation sites. This network

density, combined with the company's advanced network technologies, enables One Communications to provide high value services at competitive prices. Visit One Communications online at www.onecommunications.com.

About Dynalink Communications (www.dynalinktel.com)

Dynalink Communications is a National Switchless CLEC that is well funded, privately held and debt free. The company is well positioned by having unique agreements with the top carriers, allowing it to provide the most diverse product portfolio in the CLEC industry. The company's basic products include T1, PRI, VoIP, MPLS, and all voice and data integrated access products, along with customer tailored solutions. The ease of doing business for customers and its agents is achieved through a highly experienced and relentless back office that stops at nothing to satisfy the customer and agent. The company's focus is to serve the agent channel community and the needs of agent partners to distribute the company's services. Founded by a top master agent along with an agent channel national executive, the company understands fully the unique needs of agents.
